

## Device for playing an ancient cymbal/crotales, multifunctional

### Art.-Nr. 249C

€173.68 incl. German VAT (19)

€145.95 without VAT

Weight: 0.71 kg

This device allows for play with excellent sound even when fast multi-percussion passages make it impossible to change the beater. The instrument is played indirectly by hand or with various beaters by means of the felt ring mounted to the spring-back triangle beater.

### Technical data

Ø	Fits e.g.
adjusting ring square 20 mm	basic holder <b>240</b> transverse tube <b>223 - 227</b>
